

### **Mission Statement:**

GraceSource, Inc. is dedicated to helping women and families lead fulfilling lives. We link individuals to education, career and counseling services in the Yuba-Sutter area. We also support educational opportunities for young women, empowering them to make successful lifelong choices.

### **Programs and Services:**

The GraceSource Family Resource Center is a community-based program assisting families to identify and build upon their strengths so they can become more empowered and self-sufficient. We offer center-based services such as community workshops, classes and activities; emergency basic needs; and resource education. In addition, our home-based services, facilitated by a dedicated case manager, include family development education, school readiness assistance, resource attainment services, child development and literacy education.

Our goals are to assist families to...

- Increase self-sufficiency
- Increase family empowerment
- Discover and utilize community resources
- Create an educationally inspiring home environment for children

### **Success Story:**

Our Case Managers are able to be in the homes weekly/bi-weekly to offer supportive services, help families work on the goals they set and connect them to other service agencies. We have recently assisted variety of needs...

- A mom who was not connected to Mental Health, which was affecting her ability to parent. Through intervention, she was able to get back on her medicine and take care of herself and her children's needs.
- A dad was assisted to file the necessary paperwork to gain legal custody of his five children.
- A mom who was resistant to services and did not want to deal with the issues in her life. Through continued support, she started going to therapy and is seeing the benefit to herself and her family.
