

Mission Statement

A non-profit benefit corporation serving the rural community to enhance the quality of life and opportunity for self-sufficiency.

Success Story

RISE Incorporated collaborates with various agencies throughout the county in order to best serve our families. One of our many success stories is working with a young family that was living out of their vehicle. Our Case Manager helped this family navigate through the various resources available to them and referred to a local Homeless Prevention program that found low income housing for the family. This program also paid for the first month and deposit so the family was ready to move in with no financial strain to their budget. Our continued services helped the family find employment and created and accomplished goals that lead them towards self-sufficiency. Our mission is to work with family and add to their life tool bags in order to best equip them and their families.

Programs and Services

RISE offers the one stop shop for social services in western rural Yolo County. We offer services from birth to senior citizens. The following programs and or resources are available at our offices.

- ◆ Kinder readiness preschool/parent support group
- ◆ Elementary and Middle After School Programs
