

MCCLLOUD COMMUNITY RESOURCE CENTER

MCRC is here to serve the McCloud community; offering services, resources and support to all ages, from birth through retirement.

Success Story

We were very excited at October Family Fun Night to have a family participate; they have never been to one before. Dad had never been to the center and isolation seems to be a key issue for this family. They seem to have a closed family system and need help but are very proud and resistant to change and assistance. At the event, they all seemed to have a great time and said that they want to come back for more. Although we have only begun to connect with them in a meaningful way we are very optimistic that they will return for more services and that Dad will support the family in getting the assistance we can provide. Our goal is that they will experience a stronger sense of community and less isolation through the support we provide them at the center.
