

# Anaheim Harbor Family Resource Center

*Today, see if you can stretch your heart  
and expand your love so that it touches not  
only those to whom you can give it easily,  
but also those who need it much.*

## Mission:

"To provide a comprehensive array of social, educational, and health services that will empower families and children with the necessary skills to increase self-sufficiency and confidence resulting in optimal academic and social success".

## Collaboration:

The Anaheim Harbor FRC provides a variety of social and educational services for families of Anaheim and surrounding cities.

Because Anaheim Harbor FRC works as a collaborative, they are able to provide comprehensive services to families with many different types of needs. This also benefits clients as it creates a single point of contact so referrals for services can be made quickly and easily.

Single need and multi-need families can call or walk-in the FRC for services. A friendly staff member will conduct a short assessment to see if services that the client is unaware of may be helpful. In-house services will be explained and offered. In addition, outside service information will also be provided if needed.

The Anaheim Harbor FRC believes in a team approach in assisting families in need and has a Case Management Team that meets regularly. The Anaheim FRC collaborative is made up of agencies that are dedicated to the preservation of the family and prevention of child abuse.
